INTERCEPT
Agency approved. Retro classic frame fused with futuristic technology, INTERCEPT completes the line between style and science. Multi-barrel hinges anchor injected temples. An ergonomically balanced frame supports precision optics. Polished logo plates create low-key accents subtle enough for any undercover recruit.

SPECIFICATIONS

eye size:
59 mm

temple length:
132 mm

bridge width:
18 mm

lens height:
41 mm

weight:
35 grams
(without packaging)

KEY FEATURES
- Wide format lenses create a panoramic viewing field for high resolution viewing;
- Rigid lens mounting area keeps optics from degrading through lens flexing;
- Multi-barrel hinges create rotational stability for long lasting fit;
- Curved nose rests provide even weight distribution and eliminate pressure points;
- Engineering grade injection polymers provide dimensional stability and long term durability.
